EDITORIAL

This edition of the Newsletter contains a final reminder that the deadline for registration and submission of abstracts for the AEA's 25th Anniversary Conference in Bad Buchau is not far away, on **1st June 2004**. Please see the website (details in the 'Conferences & Meetings' section) or the back of this newsletter for a registration form. Please note that the AEA is offering a payment service for this conference for members in the UK, as outlined on page.4. Block bookings via the AEA must be received by **10th June**.

NEWS FROM THE COMMITTEE

NOMINATIONS TO THE AEA MANAGING COMMITTEE

The AEA Managing Committee seeks nominations for **three ordinary committee members** and **the position of Secretary** (four vacancies altogether, each a three-year position). Elections will be held at the AEA AGM to be held at the annual conference in Bad Buchau, 2-5 September 2004.

The AEA Managing Committee usually meets four times a year (usually in March, June, September and December). The main items of business discussed are the organisation of conferences and publication of conference proceedings, and publication of the journal, as well as issues relating to the Newsletter, Website maintenance, and membership. In addition to elected office of Secretary, we are also looking for candidates interested in taking on the roles of Publicity Officer and Conference Officer, each of which is performed by an ordinary committee member. We particularly encourage candidates who are prepared to

take on one of these specific jobs of the AEA Managing Committee. Nominees must be current AEA members.

The role of Secretary (elected officer)

The role of the Secretary is to facilitate communication between members of the AEA Managing Committee and, with the AEA Chair, between the Committee and AEA members. The main practical duties involve the drawing up of agendas, keeping accurate minutes, and writing and encouraging notices for the Newsletter and Website. The Secretary works in close co-operation with the AEA Chair, but is also available to assist other Officers and committee members of the Association.

To make your nomination

Any AEA member can make a nomination, but this must be seconded. Please state whether you are nominating a candidate for one of the three ordinary positions or the position of Secretary. A brief personal statement from the nominee (which implicitly indicates the nominee's willingness to stand) should accompany nominations. This can be received by e-mail or regular mail. This statement will be published in the August Newsletter or, if received afterwards, read at the AGM.

Nominations can be received up to the time of the AGM, although the committee would like to encourage members to submit nominations before the August Newsletter deadline (20th July). Nominations and personal statements can be e-mailed or posted to:

Carol Palmer, AEA Secretary, Department of Archaeology, University of Sheffield, Northgate House, West Street, Sheffield, S1 4ET, UK

E-mail: c.palmer@sheffield.ac.uk

Elections will be held at the annual conference in Bad Buchau – for more details see below.

CONFERENCES & MEETINGS

AEA 25th Anniversary Symposium in Bad Buchau, Southern Germany, 2-5 September 2004.

Economic and environmental changes during the 4th and 3rd millennium BC

Organised by the Federseemuseum Bad Buchau, the Nationalmuseum of Denmark and the
Landesdenkmalamt Baden-Württemberg

Details of this conference have been advertised in previous newsletters and are available on-line at:
<http://www.federseemuseum.de> where a registration form is available for downloading.

If you require further information please contact:

Dr. Ralf Baumeister
Federseemuseum
August Gröber Platz
D-88422 Bad Buchau
Germany

e-mail: rbaumeister@federseemuseum.de

Deadline for abstracts and registration: 1st June 2004. Payment for registration, field trips and the conference dinner must be sent with the conference registration form (upper part of the registration form). Accommodation (lower part of the registration form) is being arranged separately by the tourist office in Bad Buchau and participants will pay this directly to the hotel, apartment owner, etc.

Important advance notice for UK members planning to attend the Bad Buchau conference

In view of the fact that the conference organisers cannot accept payment other than in Euros or by Giro, and that British Banks have a steep charge for individual money drafts/orders, the Association will offer a service to British attendees in relation to the direct conference costs. This does NOT include accommodation or food, these must be organised by the individual attendees themselves.

<i>10th May exchange rate, rounded.</i>	Euro	Sterling
Conference fee (waged)	47	37
Conference fee (unwaged or student)	32	22
Conference dinner including beverage	27	18
Field trip 1 (Saturday)	27	18
Field trip 2 (Sunday)	10	7
Administration fee	-	2

The administration fee will cover the cost of raising one banker's draft and any variation in the exchange rates before the end of June.

If you would like to use this service, please complete the registration form and send it with a sterling cheque, payable to the Association for Environmental Archaeology, for the required amount as detailed above to: Jacqui Huntley (Treasurer), at the Department of Archaeology, University of Durham, South Road, Durham DH1 3LE by the **30th June 2004 at the latest**. Late arrivals will be returned to sender!! I regret that the Association cannot accept card payments for the conference. If attendees have to change their plans, for whatever reason, they are requested to do so with the conference organisers and not the Association (primarily because the Treasurer will be unavailable for much of the summer).
Jacqui Huntley (Treasurer). 10th May 2004.

The 6th Annual Conference of the British Association for Biological Anthropology and Osteoarchaeology (BABAO)

This will take place on 10th-11th September 2004 at the Comparative Morphology Centre, University of Bristol. Planned sessions include osteoarchaeology, evolutionary anthropology, biomechanics and human ecology. There will also be a poster session. For further details contact Kate Robson-Brown (Tel: 0117 9546060; email: kate.robson-brown@bristol.ac.uk)
